FOR IMMEDIATE RELEASE

HEADLINE- BRADLEY CALDWELL, INC TO DISTRIBUTE THE ALPHARMA EQUINE PRODUCT LINE

Bridgewater, NJ – June, 2008 – Alpharma Inc. (NYSE: ALO), a leading global specialty pharmaceutical company, announces Bradley Caldwell, Inc (Hazleton PA), the largest distributor of equine products in the USA, will distribute Alpharma Equine Products in selected areas within the USA.

“Bradley Caldwell has a very strong reputation in the equine marketplace for delivering superior service while supplying innovative products to the equine retailer. We’re very happy BCI is integrating our Equine Products into their family of trusted vendors/suppliers,” said Bill Campbell, Director, Product Commercialization.

Information on Alpharma Equine Products is available online on the Alpharma Equine website (www.alpharmaequine.com) and at the BCI website (www.bradleycaldwell.com).

ABOUT ALPHARMA ANIMAL HEALTH:

Alpharma Animal Health is a global leader in the development, manufacturing and marketing of over 100 medicated feed-additive products to foster health in food-producing animals. Animal Health’s broad line of medicated feed-additive products, internationally recognized for product quality and efficacy, prevents and treats diseases in cattle, poultry and swine. Its expansion to equine products, including a branded line of Alpharma Equine Products, leverages its vast experience in animal health technology, development and delivery systems. In addition to its Extend-A-Cool transdermal cooling system, the equine product line has RestorAID EQ™, a nutritive wound care spray to promote healing and reduce scarring from superficial wounds and skin lesions.
